

Roosevelt International Baccalaureate Middle School

ParentConnect Application

What is ParentConnect?

ParentConnection is a web-based application that allows parents to see read-only information about their students. The only information a parent can edit is their password and email address.

What type of information will be available on ParentConnect?

Academic History, Attendance, GPA data, Report cards/progress report grades, Student demographics, Student Schedule

Who can have access to student data in ParentConnect?

Any person who is on the enrollment card can request a ParentConnection account.

What are the technical requirements for viewing ParentConnect?

ParentConnection is a web-based application. Parents will need a computer (Mac or PC) with Internet access and a current web browser.

How does a parent receive an account?

The school enrollment card must be filled out completely and correctly. A person listed on the enrollment card must fill out the request below. Once the request is verified, a login and password will be emailed to the account below.

Who do I return the form to?

The Roosevelt International Baccalaureate Middle School Main Office to Daniza Oviedo, Parent Academic Liaison (619-293-4450 ext. 2203).

What if I need assistance or information?

Parents may email Ms. Oviedo at doviedo1@sandi.net.

Request a ParentConnect Account

Name of student(s) _____ (Print)

Grade _____ (Print)

Name of parent _____ (Print)

Parent email address _____ (Print)

I have read and agree to the acceptable use policy of the San Diego Unified School District found at http://www.edtech.sandi.net/index.php?option=com_content&task=view&id=93&Itemid=410.

I request a ParentConnect account and understand that an email will be sent to the above email address with the login and password to view this students data. I also understand that an account will be set up only if the information above matches the information on the enrollment card.

Parent Signature _____ (Sign) _____ (Date)

Revised 10/12/07
